## About us

Our team consists of 50 quality engineers. A natural trait for each of us is a commitment to quality in every aspect of life!

For many years, we have been engaged in computerized system validation, technical validation involving the qualification of equipment, premises, and processes. Additionally, we model and manage the quality of IT processes.

# OUR COMPETENCES

Implementation, maintenance, and development of validation, qualification, and IT security processes.

Contacts with industries in foreign markets on all continents.

Internal and external audits in the pharmaceutical and medical device industries.

Contacts with compliance-related institutions: GIF, WIF, FDA, TUV.

**Your Expectations, Our Mission:  
Quality is Our Everyday!**

# HOW CAN WE ASSIST YOU?

- ✓ COMPUTERIZED SYSTEM VALIDATION
- ✓ QUALIFICATION - TECHNICAL VALIDATION
- ✓ SECURE IT PROCESSES
- ✓ QUALITY PROCESS MANAGEMENT
- ✓ INTERNAL AND EXTERNAL AUDITS

yes

## Confidence in Well-Executed Service

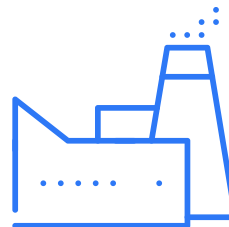

Experience with large international companies operating in accordance with FDA and EU GMP requirements.

## High quality and optimal price

Our services offer not only the highest quality but also client-tailored flexibility, including remote options.

## Savings

We will significantly reduce costs related to periodic audits and potential non-compliance penalties.

## Process Optimization

After the audit is completed, we will provide you with recommendations for process optimization.

Quality Management
