

Transition Technologies MS is a dynamically growing Polish software house that supports the digital transformation of the world's largest companies operating in demanding industries.

TTMS: COMPANY PROFILE

TTMS is a certified partner of :

ADOBE

MICROSOFT

SNOWFLAKE

SALESFORCE

WEBCON

The company operates across three continents, with highly qualified teams familiar with local markets. TTMS consistently pursues its international growth strategy, combining organic growth with the development of a local presence in promising markets. These efforts have resulted in a network of subsidiaries:

UNITED KINGDOM,
LONDON

MALAYSIA,
KUALA LUMPUR

DENMARK,
BRØNDBY

SWITZERLAND,
ZURICH

INDIA,
BENGALURU

In Poland, TTMS has **six offices**, including its headquarters in **Varso Tower** in Warsaw. The company currently employs more than **800 specialists**. Thanks to the resources of the Transition Technologies Capital Group, it can draw on over **2,000 experts** when needed. TTMS works across diverse cultures, with **11 offices in four time zones**.

SERVICES AND TECHNOLOGICAL CAPABILITIES

TTMS is a technology partner providing IT services in software design, development, maintenance, and optimization, as well as the creation and support of e-learning solutions. The company helps clients deliver complex technology projects using, among others, **AI-based solutions, cloud technologies, enterprise platforms, low-code tools, and analytics systems**.

DEFENCE

PHARMA

TTMS has established its strongest position in the defense and pharmaceutical sectors, which require appropriate licenses, security clearances, and secure development and testing environments. The company works with clients primarily under long-term contracts, most often in a **managed services model**.

JAGIELLONIAN CENTRE OF INNOVATION

BITRONICS

POLISH MEDICAL MISSION

THE EUROPEAN SPACE AGENCY

NATO

CERTIFICATIONS AND MANAGEMENT STANDARDS

TTMS operates in accordance with international standards for information security, environmental management, and the responsible use of artificial intelligence. The company holds **ISO/IEC 27001:2022** and **ISO 14001** certifications, regularly confirmed through independent audits conducted by TÜV Nord.

TTMS was also the first organization in Poland to obtain accredited **ISO/IEC 42001** certification for its **Artificial Intelligence Management System (AIMS)**, confirming that its AI processes comply with requirements related to security, accountability, and organizational governance. These certifications are an important element of TTMS's ESG strategy, covering environmental initiatives, corporate governance, and the responsible use of new technologies.
